SUMMARY

Computer Science graduate with experience in data analysis, systems analysis, artificial intelligence, and digital transformation. Skilled in Power BI, Excel, SQL, and requirements analysis, with hands-on experience developing data-driven solutions and supporting process improvement initiatives. Strong analytical and problem-solving skills with the ability to work across technical and business teams. Eager to contribute to technology-driven projects and organizational growth.

EXPERIENCE

Jeddah Municipality | Saudi Arabia

Intern | Digital Transformation Department | June 2024 – August 2024.

- Analyzed internal systems, processes, and business requirements to identify improvement opportunities.
- Analyzed structured data and developed Power BI dashboards to support reporting and data-driven decision-making.
- Prepared SRS and BRS documentation covering business requirements, system functionality, risks, and technical specifications.
- Supported digital solutions and process improvement initiatives to enhance operational efficiency and accessibility.
- Participated in workshops covering cybersecurity, automation, and smart government platforms.

EDUCATION

Qassim University | Al-Qassim, Saudi Arabia

Bachelor's degree in computer science | 4.38/5 | September 2020 – June 2025.

- Developed strong analytical and problem-solving skills through coursework and practical projects in computer science.
- Gained hands-on experience with data analysis, databases, systems analysis, and technology-driven problem-solving.

SKILLS

● Technical Skills: - Data Analysis & Reporting - Power BI & Data Visualization - Microsoft Excel - SQL & Databases - Python - Artificial Intelligence & Machine Learning - Data Processing & Validation - Systems Analysis - Business & System Requirements Analysis - SRS & BRS Documentation - Process Improvement	● Soft Skills: - Analytical Thinking - Problem Solving - Attention to Detail - Communication - Team Collaboration - Time Management - Organizational Skills - Adaptability
---	--

CERTIFICATES

- Microsoft Certified: Azure AI Fundamentals | Microsoft | 2025
- Data Analysis Using Power BI | EMDAD ALMARIFAH | 2026
- Foundations: Data, Data, Everywhere | Google | 2026
- Women Elevate Program | ICAIRE, SDAIA, Microsoft & UNESCO | 2025
- Advanced AI Concepts and Applications | SDAIA | 2025
- Data Analysis Program | SATR Platform | 2025
- CS50x: Introduction to Computer Science | Harvard University | 2024

MENTORING & LEADERSHIP

- Technical Mentor | Innovation Incubator 5 | 2026
- Technical & Business Development Mentor | AgentX Hackathon | 2026

PROJECTS

Data Analytics & Artificial Intelligence Projects| [Portfolio](#)

- Developed Power BI projects to analyze datasets, KPIs, trends, and performance patterns.
- Developed AI and machine learning projects focused on analytical problem-solving and decision support.

Basira | Graduation Project | AI-based Early Autism Screening | [Project Poster](#) | February 2025 – June 2025

- Developed an AI-based early screening solution using eye-tracking data and machine learning.
- Analyzed eye-movement data and patterns to support data-driven screening and decision-making.

HONORS AND AWARDS

- First Place | Most Popular Project, Qassim University | Basira Graduation Project
- Second Place | Innovation Incubator Competition | Basira Graduation Project
